MR.
SKIPTUNAS
Superintendent
of Schools

MR. ZWIERZCHOWSKI

The theme of your yearbook is movies. A movie is meant to portray a slice of life. Your yearbook is a representation of your life as students at Kennedy.

We at Kennedy believe that the function of a school is to prepare students to successfully meet the challenges of life. We realize that the key to success in the field of education is based on the ideal of hard work and perseverance. The learning experience encompasses all the activities in which the student participates, and depending on these experiences the student will be influenced accordingly.

The combination of all activities, whether it be educational, athletic or social, has contributed to your becoming a young adult. It is my sincere hope that with this background, each of you will become a credit not only to yourselves and your family, but also to the rest of society.

(Keith)

You said that you would love me dear,
Forever and a day.
You promised so appealingly,
You would not go away.
Oh, I believed you then because
You sounded so sincere.
I never had the slightest doubt,
Or any fancied fear.
How time has proved that you were right,
And that I was not wrong.
Our life together has been such
A sweet and happy song.
I thank you for your love and for
Your constant loyalty.
And all the other ways in which
You have been good to me.
And in return the only words
My heart is moved to say.
Is that I love you, and I will
Forever and a day.

I'll love you always,

Dawn

An ornate, symmetrical decorative border in a light beige or cream color. It features a large, intricate flourish at the top center, with swirling lines and loops. The border is composed of thin vertical lines on the sides, which are embellished with smaller, delicate flourishes at the corners and bottom. The entire design is set against a dark, textured background.
